JAPONISME IN GLOBAL AND LOCAL CONTEXT

(International conference | Castle Garden Bazaar, Budapest | 2 – 3 March 2017)

Dear Colleagues,

Under the curatorial coordination of the Ferenc Hopp Museum of Asiatic Arts, Budapest, an exhibition entitled *Geishas by the Danube – the Influence of Japanese Culture on Hungarian Art* is held between the 15th of December 2016 and the 12th of March 2017 at Várkert Bazár (The Castle Garden Bazaar) in Budapest, Hungary. The exhibition draws relations between Hungarian modern art, the phenomenon of Japonisme in Western cultures, and classical and modern Japanese art. The exhibition has been realized in a cooperation between KogArt (Kovács Gábor Art Foundation), the Ferenc Hopp Museum of Asiatic Arts, the Museum of Fine Arts, the Hungarian National Gallery, the Museum of Applied Arts, all located in Budapest, as well as various other public and private collections in Hungary.

The goal of the Ferenc Hopp Museum of Asiatic Arts is to provide an international forum for critical reception and professional discussion of the new exhibition's topic. Since our aim is being supported by The Japan Foundation, we are proud to announce that an international symposium entitled **Japonisme in Global and Local Context** will be held at the exhibition venue on 2–3 March 2017. We would like to provide an opportunity to link and synchronize research projects and materials that could lead to a broader understanding of the phenomenon of Japonisme with a focal point on the Central and Eastern European region. Papers related to the symposium's topic in the fields of Japanese Studies, Art History, Theatre Studies, Visual Studies and International Relations will be presented by specialists from different countries. The program will begin at 9AM and end at 6PM both days, with short coffee breaks and a one hour break for lunch. The official language of the conference is English. Please find the **program** of the conference at: http://hoppmuseum.hu/muzeum_en
