

Three-legged deep bowl

Chinese Collection

| | |
|----------------------|--|
| Accession Nr.: | 9802  |
| Type: | vessel; funeral object; pottery |
| Date of production: | First half of 8th century Tang dynasty |
| Place of production: | Shaanxi and Henan provinces, China |
| Materials: | earthenware |
| Techniques: | glazed |
| Dimensions: | height: 13.1 cm diameter (mouth): 12.3 cm |

This three-legged bowl stands on short hoof-shaped legs. The deep roundish body has a short, projecting mouth rim and, most probably, had a cover.
