| Place of production: | Antolia                                                                                    |
| Materials:           | bronze                                                                                     |
| Techniques:          | cast                                                                                       |
| Dimensions:          | length: 2.8 cm                                                                             |

A solid, cast, schematically depicted long-tailed, long-necked, booby-headed bird figure. In the place of its legs there is a cylindrical pin.

Material: bronze.
