

Vase with tiny frogs

Southeast Asian Collection

Accession Nr.:	64.24.1 
Type:	object for daily use; lacquers
Date of production:	early 1960s
Place of production:	Vietnam, Southeast Asia
Marks:	marked
Materials/Techniques:	wood, lacquer
Dimensions:	height: 10 cm

The vase is black on the inside, with a goldish-bronze lacquer on the outside, and four little frogs on the sides. The frog is considered a rain-bearing animal in Vietnamese culture, and as such is a popular symbol of fertility.
