

Snuff bottle decorated with a dragon and a phoenix

Chinese Collection

Accession Nr.:	3352 
Type:	object for daily use; snuff bottle; pottery
Date of production:	1796-1820 Qing dynasty
Place of production:	Dehua, Fujian province, China
Materials:	bone; glass; porcelain
Techniques:	glazed; stamped
Dimensions:	height: 8.5 cm diameter (base): 1.9 cm
Acquisition:	collection of Ferenc Hopp

The shape of this flat-bodied, elongated snuff bottle resembles that of a bottle; its body rests on a low oval base. Its knob is made of purple glass and its spoon is of bone.
