

Woven basket or cicada cage

Japanese Collection

Accession Nr.:	53.366.1 
Type:	object for daily use
Date of production:	1910 körül Meiji era
Place of production:	Japan
Signed:	Unsigned.
Materials/Techniques:	bamboo, woven
Dimensions:	height: 9.4 cm width: 16.4 cm

Purchased at the Japan–British Exhibition in London, 1910 (HMI_227/1953)

According to Felvinczi Takács's description, the object used to have a woven lid, making the structure ideal for keeping cicadas or crickets inside. Today, the lid is missing.
