

# Arrows

## Mongolian Collection

Accession Nr.:	65.76.1-2 
Type:	weapons and armament
Date of production:	1965.
Place of production:	Mongolia
Materials:	leather; wood
Dimensions:	width: 4 length: 98 cm

The arrows are made from painted wood. Their tips are made from horn, with a brass ring at the end, and the arrow shaft is bound with leather strips. The upper part is painted and covered with leather, with trimmed feathers attached on three sides. The original owner was given the gift in a red waxed linen-covered wooden case with a red velvet lining. It forms a unit with inventory number [HFM\\_65.75.1](#)
