## Southeast Asian Collection

|                       |                                                                                             |
|-----------------------|---------------------------------------------------------------------------------------------|
| Accession Nr.:        | 2015.20.1  |
| Type:                 | object for daily use; pottery                                                               |
| Date of production:   | late 19th century                                                                           |
| Place of production:  | Jingdezhen, China/Vietnam, Southeast Asia                                                   |
| Marks:                | 玩玉 wan yu ("collectors' treasure")                                                          |
| Materials/Techniques: | porcelain, underglaze blue, silver plaited                                                  |
| Dimensions:           | height: 2 cm<br>diameter: 9 cm                                                              |

Blue and white porcelain with three medallions of coiling dragons. The base has wan-yu ('collector's') inscriptions, indicating that the object is a finely crafted piece specifically made for the Vietnamese market at the imperial court ceramic manufacture in Jing de Zhen.
