

Small bowl with wave motifs

Chinese Collection

Accession Nr.:	9808 
Type:	vessel; object for daily use; pottery
Date of production:	Early 14th century Yüan dynasty
Place of production:	Zhejiang province, China
Materials:	stoneware
Techniques:	celadon; crackled glaze; scratch
Dimensions:	height: 6.2 cm diameter (base): 5.2 cm diameter (mouth): 16.6 cm

The widening bowl is coated with densely crackled, glossy green glaze. The incised underglaze decoration resembles waves.
